

Re-defining Service and Reliability for over 29 years

INTRODUCTION

Afnet is a specialized international freight forwarding company based in South Africa, with key operational offices in Johannesburg, Durban, and Port Elizabeth. We are proud to be a trusted logistics partner for cross-border road freight transport across Sub-Saharan Africa, offering tailored, end-to-end solutions that streamline the movement of goods across the region.

We are committed to delivering exceptional service and tangible value to our clients and service providers. Our full-spectrum logistics services are designed to simplify complex supply chains, enhance efficiency, and reduce operational costs while maintaining a relentless focus on reliability and customer satisfaction.

Our Focus: Cross-Border Road Freight in Sub-Saharan Africa

Afnet's core strength lies in our ability to provide seamless road freight transport solutions across multiple African borders. Leveraging a robust regional network and deep local expertise, we manage the full process from customs clearance to final delivery ensuring that cargo moves smoothly, securely, and on time.

With strong trade lane knowledge and a hands-on approach, we offer logistics services that are not only responsive but also proactive in managing border compliance, route planning, and regional regulatory challenges.

Client-Centered Solutions

At Afnet, we believe in forging long-term partnerships built on transparency, trust, and performance. We work closely with each client to understand their operational needs, anticipate future demands, and provide customised logistics strategies that support sustainable growth across Africa's dynamic markets.

By drawing all necessary services together into a fully integrated logistics package, we simplify supply chain operations and enhance business resilience.

About us

Established in 1996, Afnet began as a dedicated transport company and has since evolved into a full-spectrum logistics solutions provider, proudly serving clients across South Africa, Sub-Saharan Africa, and global markets.

With nearly three decades of industry expertise, Afnet has developed a strong reputation for reliability, adaptability, and client-centric service. Today, we offer a wide array of integrated logistics services, including:

- Road Freight (local, cross-border, and international)
- Warehousing & Distribution
- Project Management
- Procurement & Supply Chain Solutions
- Cargo Handling, Packing, Crating & Trans-shipping
- Abnormal Load Transport
- Hazardous Goods Management
- Cold Chain Logistics (Frozen & Chilled)
- Full Container Load (FCL) / Full Truck Load (FTL)
- Less than Container Load (LCL) / Less than Truck Load (LTL)
- Container Sales & Rentals (All container types)

From standard shipments to complex, high-risk cargo, Afnet ensures every delivery is executed with precision, compliance, and careful coordination.

Our Expertise

We are proud to have a team of experienced professionals well-versed in all modes of freight forwarding, including:

- Air Freight
- Ocean Freight (FCL & LCL)
- Road Freight (Local & Cross-Border)
- Customs Clearance

Health and Safety

Health, Safety & Environmental Commitment

At Afnet, we place the highest priority on the health, safety, and environmental responsibility of our operations. Our policies and procedures are designed to meet stringent industry standards and regulatory requirements, ensuring the safety of our personnel, clients, cargo, and the environment.

Health & Safety Practices

- Trained Fire Fighters, First Aid Responders, and Evacuation Officers on-site
- Certified Dangerous Goods Safety Officers (DGSO) for hazardous cargo compliance
- Dedicated Health, Safety, and Environmental (HSE) Officers overseeing operations
- All operational staff involved in cargo loading and handling are equipped with Personal Protective Equipment (PPE)
- Drivers are inspected before dispatch to ensure they have the full required PPE
- All vehicles undergo comprehensive safety and mechanical inspections prior to departure

Environmental Responsibility

Afnet follows a proactive Environmental Policy that is integrated into daily operations. Staff are trained and encouraged to:

- Conserve electricity
- Reduce paper usage and encourage digital workflows
- Act responsibly and with environmental awareness

We also ensure:

- Responsible handling and disposal of all waste materials, including scrap tyres, waste paper and used oils
- Fully equipped workshops with grease traps and separation pits for environmentally safe maintenance operations

Terms and Conditions

- Goods handled, warehoused and shipped at Owners Risk.
- **INSURANCE:** All services and goods handled by Afnet cc are done at owner's risk.
- Afnet cc does not accept any liability for the insurance for such goods or services. It is further stated that all goods which are transported, handled, or stored on behalf of our clients, should have adequate insurance cover on a "door to door at destination basis and should include all freight and customs costs. (Such cover shall be provided by the clients). Insurance facilities between yourselves and the Insurance companies can be arranged on your behalf on request and this should be agreed to in writing prior to loading. All excesses and premiums are for your account and no liability whatsoever in the respect of claims being rejected for whatever reason shall be passed onto Afnet cc or any of its subcontractors.
- **GIT cover Available where required**
- All Cargo carried subject to our Terms and Conditions, which supersedes all other Terms and Conditions, which may be in place.
- We are not responsible for breakages, theft, leakages, damages, scratches or dents whilst in storage or transit.
- All cargo must be sufficiently packaged or crated to withstand transport under African road conditions.
- Demurrage will be charged at a rate of R 4500.00 per vehicle per day or part thereof will be charged for vehicles held at ports, agents, borders or offloading points for more than two consecutive days.
- All prices quoted are based on current running and related costs, subject to adjustment to suit market trends, including Exchange Rate hikes and Tariffs, without prior notice.
- Excludes export clearance (exiting RSA only) fee of R990 per BOE
- DRC/Angola/Tanzania/Kenya/Burundi/Uganda Cargo attracts a 50% upfront payment and balance 30 days on POD.
- New accounts are strictly payment in full in advance, thereafter terms can be negotiated subject to credit approval
- Rates valid for a period of 14 days only.

Terms and Conditions

- Abnormal quotations based on information as stated. Should these differ to actual dimensions/weights of cargo then the quote will be null & void.
- All quotes subject to vehicle availability and suitability.
- Consol Cargo based on cargo being delivered to our Warehouse.
- Exporter to confirm that importer has nominated an import clearing agent and all necessary permits, duties etc are in place prior to cargo arrival at the import border. If this is not done the exporter is responsible for all and any standing time charges applicable.
- Afnet cc is not liable nor accepts any fines or penalties for incorrect tariffing on Bills of Entry, whether completed by your company or on request by Afnet cc. Any charges to this effect will be for your account.
- Afnet cc does not accept any costs / charges / or deductions from their final bill for any delays for any reason whatsoever for plants standing, penalties, penalty clauses or loss of revenue due to late delivery.
- Collection rates provided on request.
- Rates exclude any import clearing, taxes, duties or surcharges applicable at final destination - Importer to nominate import agent at the border.
- This quote, unless otherwise specified, is for Non-hazardous cargo. Certain Hazchem cargo is subject to a 15 % surcharge subject to confirmation on a per quote basis.
- Client to provide all relevant hazardous documentation/literature, i.e. Trem cards, haz boards, specialists and spillage team contact numbers, etc
- Afnet cc will not be held responsible at all for spillages or clean up services, costs or third-party claims related to this in respect of any accident or incident that may occur in the transportation of Hazardous goods on our vehicles or any appointed subcontractor vehicles of Afnet cc from collection to delivery points. This remains the client's responsibility.
- Afnet cc makes use of subcontractors to carry cargo.

Issuance of an order to Afnet constitutes acceptance of the above Terms and Conditions
